

# Rots-3 Stand

## Waterproof Wall-mounted Stand

Outdoor Waterproof

Angle Adjustable

Rust and corrosion resistant

Compact Design

ZKTeco's Rots-3 stand is designed specifically an ideal mounting solution to lock the standalone terminal in place.

Rots-3 stand is made from aluminum alloy to enhance durability and suitable to use outdoor.

Also, the stand is highly adjustable, it can swivel up to 180° horizontally and tilt up to 20°.

**\* Note:** This product does not include the standalone terminal.

### Features:

- Made from aluminum alloy which offers a highly durable design
- Capable of withstanding high temperatures without degrading in quality
- Waterproof design for use in outdoor settings
- 0.7kg, light in weight for easy installation
